### **DETAILED ACTION**

Applicants' response, which included cancellation of claims 3-10 and amendment to claim 1, filed on 3/7/2005, is made of record.

Claims 1-2 and 11-19 are now pending.

#### ***Information Disclosure Statement***

References cited in the Information Disclosure Statement filed on 4/1/2004, are made of record. In addition, the copending application 10/720,788 cited in the Information Disclosure Statement filed on 12/17/2004, is also made of record.

#### ***Claim Rejections - 35 USC § 112***

The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

Claims 1-2 and 11-18 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention. Any claim not specifically rejected is rejected herein as it is dependent on a rejected claim and shares the same indefiniteness.

1. Recitation of "wherein R<sup>13</sup> is a natural amino acid side chain or its enantiomer;" in claim 1 renders claim 1 vague and confusing as there is no R<sup>13</sup> group in the variable groups of compound of formula I.

#### ***Allowable Subject Matter***

Claim 19 is objected to as being dependent upon a rejected base claim, but would be allowable if rewritten in independent form including all of the limitations of the base claim and any intervening claims. Said claim would be allowed since specific

compounds embraced in claim 19 are not taught or suggested by the art of record or from a search in the relevant art area.

### ***Election/Restrictions***

This application contains claim 2 drawn to an invention nonelected with traverse in Paper filed on 10/17/2003. See choice (b) of claim 2., which is outside the scope of elected subject matter of claim 1. A complete reply to the final rejection must include cancellation of nonelected subject matter in claim 2 or other appropriate action (37 CFR 1.144) See MPEP § 821.01.

A telephone call to Chris Miller was made on 5/26/2005 to resolve these issues and counselor requested an office action to resolve these issues.

### ***Conclusion***

Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within **TWO MONTHS** of the mailing date of this final action and the advisory action is not mailed until after the end of the **THREE-MONTH** shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of

the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the date of this final action.
